

NOTICE TO MEMBERS OF MEKONG

We wish to advise members that, following the recent Mekong Sub Club elections, only two nominations were received within the required timeframe. As a result, on 13 August 2025, the Board of Directors of Mounties Group resolved to formally dissolve the Mekong Sub Club, effective immediately. This decision was made in accordance with clause 59(h) of the Mounties Constitution, which empowers the Board to determine the structure and operation of sub-clubs and associated roles. The motion was carried unanimously.

In recognition of their ongoing contribution, the two existing committee members will be reinstated in the capacity of Community Representatives. These representatives will receive an honorarium for their service, which will be administered by the Engagement & Community Team. The specific terms and conditions governing their engagement will be developed and presented to the Board for approval at a later date.

As part of this transition, the previously scheduled Annual General Meeting for the Mekong Sub Committee has been cancelled. A detailed plan outlining future engagement and community initiatives will be shared with members shortly. We thank all members for their continued support and look forward to strengthening community involvement through this new approach.
